## **Training Requirements for Forest Service Projects**

1. Forest Service Volunteer Application needs to be completed for 2017 complete lines 1 thru 6, 10, 14 and sign and date at the bottom. You can find this form at <http://www.nwmtbch.org/attachments/store/48964db448f01251004f81872c754e33eef3b6080e518c1dfeed6ffa5ffa/2017+Volunteer+Agreement+.pdf> or we will have blanks at the General Meetings.
2. Defensive Horse Safety is required for anyone working with or around stock. Defensive Horse Safety is good for 3 years.
3. Read the Job Hazard Analysis (JHA's) and sign off on the Master Sheet attesting that you have read them. There are three of them to read and are as follows:
  - a. Stock Use and Handling JHA
  - b. Chainsaw, Crosscut and Hand Tools Use JHA
  - c. Backcountry Work Environment JHA
  - d. Facility maintenance JHA
  - e. These are always available on our web site at <http://www.nwmtbch.org/documents>
4. Chain Saw Certification is required before any member is allowed to use a chain saw on a project
  - a. Each person using a chain saw must also have a current First Aid and CPR certification.
  - b. Each person using a chain saw must use the required safety equipment.
5. Crosscut Saw Certification is required before any member is allowed to use a crosscut saw on a project.
  - a. One person on the crew must have a current First Aid and CPR certification.
6. Only one person on a project is required to have a current First Aid & CPR Certification (with the exception of a Chain Saw Crew)
